In the event of an extended absence for an illness/injury, prior to allowing the employee to return to work, the City may require a doctor's release stating that the employee may return to their normal duties without restrictions. If the City asks for the certification, the City will pay for each certification.

Uses for non-FMLA/OFLA Care Giving

For non-FMLA/OFLA leave, where the employee needs to care for, or arrange care for, a parent or grandparent with an illness or injury, the employee may use up to one shift of sick leave per occurrence. Accrued vacation, holiday or compensatory time may be used in such cases, at the discretion of the City. The City may not unreasonably withhold approval of the use for said purpose.

9.5 Integration with Worker's Compensation.

When an injury occurs in the course of employment, the City's obligation to pay under this sick leave Article is limited to the difference between any disability payments or time loss payments received under workers' compensation laws and the employee's gross salary. In such instances, no charges will be made against the employee's accrued sick leave.

Light-Duty Integration – Employees that return to work in an approved temporary light-duty position and receive supplemental payments from the workers' compensation carrier will be allowed to retain such payments as it relates to the period of light duty. In the event the employee declines an approved light-duty job offer, the City and the workers' compensation carrier will cease to provide payment for light-duty or time loss.

9.6 Sick Leave without Pay.

Upon application by the employee, or in the event the City determines under section 9.3 that the employee is unable to return to work, sick leave without pay may be granted by the City for the remaining period of disability after accrued sick leave has been exhausted. The City agrees to continue medical benefits through the elimination period for disability insurance.

9.7 Bereavement Leave.

9.9 Light Duty

The City will strive to assign light duty which encompasses work normally performed within the scope of the employee's classification, i.e., report writing etc. Employees understand that if they reject the light duty offered they may not be able to work light duty. For those employees injured on or off the job, the City will not require an employee to work a light duty assignment in which an employee can articulate how the assignment can be detrimental to their safety. In the event the employee declines an approved light-duty job offer, the City and the workers' compensation carrier will cease to provide payment for light-duty or time loss.

ARTICLE 10 - OTHER LEAVES OF ABSENCE

Vacation time shall be selected on the basis of seniority, provided, however, that each employee will be permitted to exercise their right of seniority only once during a consecutive 12 month period and for one block of time only.
